

Gather the Savings!

A Campaign to Raise \$300,000 in Seed Money to go towards
Capital Improvements at Thunder Mountain.

Thank you for your interest in Gather the Savings! We are excited to launch this new avenue for friends and family to support the growth of Thunder Mountain, which in turn will help the Peaceweavers to make a greater contribution and positive impact on all our relations. Greater capacity will lead to more retreats and more people coming to Thunder Mountain, which will lead to increased income as well as more potential lenders - creating a kind of rotating account of money.

Here's how it works:

1. Your initial commitment is to loan a minimum of \$1,000 to the Peaceweavers for 4 years, interest-free.
2. You send a check payable to the Peaceweavers, with Gather The Savings in the subject line, along with the completed information form at the end of this letter.
3. The Peaceweavers will send you a letter confirming your deposit.
4. Each year you will receive an end of year report including summary of capital improvement projects, so you can know how your investment money is helping the Peaceweavers grow and develop.
5. At the end of your four year loan term, you will get a letter at which time you can decide what you would like to do with your investment. Options include:
 - a. turning your loan money into a donation (all donations are tax deductible).
 - b. continuing the loan after 4 years, for some committed period of time (2 year increments preferred)
 - c. withdrawing all or some of your money at that time
6. If some emergency arises for you and you need your investment back before the end of the loan cycle, you can contact the Peaceweavers and request to have your loan money paid back. Their commitment is to get it back to you as soon as they can, and they will make sure there is always some investment money in the bank to cover such incidents.
